**Fernando Hidemi Uchiyama**

has successfully completed the online, non-credit Specialization

# Learn English: Intermediate Grammar

In this specialization, learners improved their understanding of intermediate grammar. They learned about perfect verb tenses and modals, as well as adjectives and adjective clauses. Learners were challenged to learn "tricky English" grammar that many English learners find frustrating. All of these topics helped learners to improve their fluency in the English language. To complete the specialization, learners showcased their new grammar knowledge in a multi-media "scrapbook" that they submitted for feedback.

Tamy Chapman, M.A.

Emily Wong, M.A.
